

ABIROCHAS has entered into a Partnership with **PROMASS SEGUROS**

ABIROCHAS has entered into a partnership with **PROMASS SEGUROS** with the purpose of responding to the increasing needs of ABIROCHAS' associates in obtaining Export Insurance Credit, Domestic Insurance Credit, and Cargo Insurance.

PROMASS SEGUROS was established in 1999, as a spin-off from the insurance broking company of BMG group. Promass has a long-standing proven track record (an over-thirty-year experience) in the market place. Therefore, **PROMASS SEGUROS** is ready to provide ABIROCHAS' associates with multiple services and products containing exclusive advantages and transparent rules.

The Export Credit Insurance is to protect ABIROCHAS associates against loss or damage in the form of default arising from commercial and/or political risks and affecting export operations. This insurance is usually bought by national exporters, to protect themselves against non-payment by their foreign buyers.

The Domestic Insurance Credit covers ABIROCHAS' associates against bad debt definite net losses caused by insolvency and/or protracted default for an insolvent buyer of receivables for local term sales within Brazil.

One of PROMASS main differentials is the management of Cargo Insurance Policies. ABIROCHAS' associates can count on an insurance for loss or damage to cargo or goods on a warehouse to warehouse cover duration basis, as well as liability cover contracted by carriers by road.

**YOU, AN ASSOCIATE OF ABIROCHAS, CONQUER MARKETS AND
PROMASS SEGUROS GUARANTEES YOUR RECEIVABLES**
